Agency Disclosure

NOTE: If you have an impairment, disability, language barrier, or otherwise require an alternative means of completing this form or accessing information about housing counseling, please talk to your housing counselor about arranging alternative accommodations.

Counseling Services Offered-

Affordable Housing Community Development Corporation (AHCDC) is a HUD-approved local housing counseling agency. We provide education workshops and a full spectrum of housing counseling including pre-purchase, foreclosure prevention, non-delinquency post-purchase, reverse mortgage, rental and homeless counseling.

I understand that it will not be the responsibility of the counselor to “fix” the problem, but rather to provide guidance and education to enable me to resolve my personal financial challenges. I understand that it is my responsibility to work with the housing counselor and actively participate in the process. Failure to do so will result in the discontinuation of my counseling.

Agency Conduct-

We administer our programs in conformity with local, state, and federal antidiscrimination laws, including the federal Fair Housing Act (42 USC 3600, et seq.). We serve all clients regardless of income, race, color, religion/creed, sex, national origin, age, family status, disability, or sexual orientation/gender identity. Employees of AHCDC are not attorneys. Any information provided is to be used as a resource and is based solely on the experiences and training of the counselors. No information provided should be regarded as legal advice.

I understand that AHC will not provide me with legal advice, and that when making legal decisions, I should consult with an attorney or a legal advisor. I will not hold AHCDC, its employees, agents, and directors liable for any claims and causes of action arising from errors or omissions by such parties, or related to my participation in AHCDC counseling; and I hereby release and waive all claims of action against Smith HCA and its affiliates. I understand that in the event I am dissatisfied, I can request a copy of the Complaint Process, which is available upon request.

Agency Relationships-

AHCDC has financial and professional affiliations with HUD, Indiana Housing and Community Development Authority, USDA Rural Development, the City of Marion, and the Grant County Economic Growth Council. We also partner with lenders, real estate agents, and other housing professionals to provide accurate information to clients and increase access to down-payment assistance programs. AHC may give information about a variety of professional services available in the area. While not always required by mortgage lenders, AHC highly recommends that all clients purchasing a home obtain a home inspection.

I understand that I am not obligated to use the products and services of AHC or its partners. I am free to choose among lenders, lending products, and homes regardless of recommendations made by counselors. I have received a copy of the HUD Publications “For Your Protection Get a Home Inspection” and “Ten Important Questions to Ask a Home Inspector”.

Other Services Offered-

AHCDC offers various services as funding allows, including: building, rehabilitating and selling properties; administering Individual Development Accounts; managing rental properties; packaging USDA Direct loans; and more.

I understand that I am not required to use any of AHC’s other services in order to receive housing counseling.

Fees-

AHCDC charges fees for credit reports and some types of counseling. There is no charge for foreclosure or homeless prevention counseling. The fee schedule is posted in AHCDC’s office, and a copy is attached to this form. Clients will not be turned away because of a documented inability to pay.

I understand that AHC charges fees for service, and that I will be responsible for paying those fees.

Ten Important Questions to Ask Your Home Inspector

1. What does your inspection cover?

The inspector should ensure that their inspection and inspection report will meet all applicable requirements in your state if applicable and will comply with a well-recognized standard of practice and code of ethics. You should be able to request and see a copy of these items ahead of time and ask any questions you may have. If there are any areas you want to make sure are inspected, be sure to identify them upfront.

2. How long have you been practicing in the home inspection profession and how many inspections have you completed?

The inspector should be able to provide his or her history in the profession and perhaps even a few names as referrals. Newer inspectors can be very qualified, and many work with a partner or have access to more experienced inspectors to assist them in the inspection.

3. Are you specifically experienced in residential inspection?

Related experience in construction or engineering is helpful, but is no substitute for training and experience in the unique discipline of home inspection. If the inspection is for a commercial property, then this should be asked about as well.

4. Do you offer to do repairs or improvements based on the inspection?

Some inspector associations and state regulations allow the inspector to perform repair work on problems uncovered in the inspection. Other associations and regulations strictly forbid this as a conflict of interest.

5. How long will the inspection take?

The average on-site inspection time for a single inspector is two to three hours for a typical single-family house; anything significantly less may not be enough time to perform a thorough inspection. Additional inspectors may be brought in for very large properties and buildings.

6. How much will it cost?

Costs vary dramatically, depending on the region, size and age of the house, scope of services and other factors. A typical range might be \$300-\$500, but consider the value of the home inspection in terms of the investment being made. Cost does not necessarily reflect quality. HUD Does not regulate home inspection fees.

7. What type of inspection report do you provide and how long will it take to receive the report?

Ask to see samples and determine whether or not you can understand the inspector's reporting style and if the time parameters fulfill your needs. Most inspectors provide their full report within 24 hours of the inspection.

8. Will I be able to attend the inspection?

This is a valuable educational opportunity, and an inspector's refusal to allow this should raise a red flag. Never pass up this opportunity to see your prospective home through the eyes of an expert.

9. Do you maintain membership in a professional home inspector association?

There are many state and national associations for home inspectors. Request to see their membership ID, and perform whatever due diligence you deem appropriate.

10. Do you participate in continuing education programs to keep your expertise up to date?

One can never know it all, and the inspector's commitment to continuing education is a good measure of his or her professionalism and service to the consumer. This is especially important in cases where the home is much older or includes unique elements requiring additional or updated training.

OMB Approval No: 2502-0538
(exp. 06/30/2021)

For Your Protection: Get a Home Inspection

You must make a choice on getting a Home Inspection. It is not done automatically.

You have the right to examine carefully your potential new home with a professional home inspector. But a home inspection is not required by law, and will occur only if you ask for one and make the arrangements. You may schedule the inspection for before or after signing your contract. You may be able to negotiate with the seller to make the contract contingent on the results of the inspection. For this reason, it is usually in your best interest to conduct your home inspection as soon as possible if you want one. In a home inspection, a professional home inspector takes an in-depth, unbiased look at your potential new home to:

- ✓ Evaluate the physical condition: structure, construction, and mechanical systems;
- ✓ Identify items that need to be repaired and
- ✓ Estimate the remaining useful life of the major systems, equipment, structure, and finishes.

The Appraisal is NOT a Home Inspection and does not replace an inspection.

An appraisal estimates the market value of the home to protect the lender. An appraisal does not examine or evaluate the condition of the home to protect the homebuyer. An appraisal only makes sure that that the home meets FHA and/or your lender's minimum property standards. A home inspection provides much more detail.

FHA and Lenders may not Guarantee the Condition of your Potential New Home

If you find problems with your new home after closing, neither FHA nor your lender may give or lend you money for repairs. Additionally, neither FHA nor your lender may buy the home back from you. Ask a qualified home inspector to inspect your potential new home and give you the information you need to make a wise decision.

Your Home Inspector may test for Radon, Health/Safety, and Energy Efficiency

EPA, HUD and DOE recommend that houses be tested and inspected for radon, health and safety, and energy efficiency, respectively. Specific tests are available to you. You may ask about tests with your home inspector, in addition to the structural and mechanical systems inspection. For more information: Radon -- call 1-800-SOS-Radon; Health and Safety -- see the HUD Healthy Homes Program at www.HUD.gov; Energy Efficiency -- see the DOE EnergyStar Program at www.energystar.gov.

Selecting a Trained Professional Home Inspector

Seek referrals from friends, neighbors, other buyers, realtors, as well as local listings from licensing authorities and local advertisements. In addition, consult the American Society of Home Inspectors (ASHI) on the web at: www.ashi.org or by telephone at: 1-800-743-2744.

I / We (circle one) have read this document and understand that if I/we wish to get a home inspection, it is best do so as soon as possible. The appraisal is not a home inspection. I/we will make a voluntary choice whether to get a home inspection. A home inspection will be done only if I/we ask for one and schedule it. Your lender may not perform a home inspection and neither FHA nor your lender may guarantee the condition of the home. Health and safety tests can be included in the home inspection if I/we choose.
